MANHATTANVILLE COLLEGE

Purchase, New York 10577

1 9 8 9

This is our book; it belongs to everyone at Manhattanville. Each person who has worked, studied or played here has added their part to its composition. In this book we have tried to capture the essence of Manhattanville, the intangible quality so difficult to define which gives the college its underlying meaning and spirit.

But in a special sense, this book belongs to the Seniors, for they are its purpose and its inspiration. During the past four years the class of 1989 has been writing the chapters of this book. Their friends and accomplishments are recorded on its pages. It is our wish that the 1989 Tower will be for them a reminder of four happy years.

Buildings and books alone do not make a college. It is the way in which these objects are made significant in the search for truth that gives an education its value. At Manhattanville this way is founded on the certainty of unchanging principles. The college years are a formative period in the life of a person. We have tried to recapture this time in a book, to preserve our professors, our friends and our activities in a memory that will never fade. For all those who are a part of its story, Manhattanville is more than just a college, it is a tradition.

This book, then, is not the project of a particular group. In a very real way it belongs to all who during the past four years have shared their lives at Manhattanville.

excerpt from Tower 1954

EXIT

MANHATTANVILL

COLLEGE SONG

On the heights so proudly standing,
Strong against the blue
High her tower gleams commanding.
Loyal hearts be true,
For Manhattanville sing loudly,
Swell the mighty song
Till the echoes ring out proudly
All the ages long.

L. Bremner Class of 1929

To the Class of 1989

Travelling both wide and far
We'll try to find just who we are.

We may be grand — have all the noble graces
We may be just one among a sea of faces.

Remember always — this holds true
Whatever we decide to do

Our four years here were meant to be
filled with pride and energy

Memories of these years will last
to bring us joys from times gone past.

DEDICATION

Since her arrival, Dr. Marcia Savage has shown great enthusiasm towards her responsibilities as president of Manhattanville College. Her administrative talents, combined with her strength of character, vivacious personality and eloquent speaking manner have made Pres. Savage a valued member of the Manhattanville community.

We have come to depend on her capabilities in dealing with both everyday problems and long-term projects. President Savage has frequently gone far and beyond her call of duty as president and succeeded in developing a close bond with students and faculty.

In a few short years, her vision and sense of commitment have already enhanced Manhattanville's academic standing. Pres. Savage assumed her role in 1985 when we were freshmen. We have journeyed through Manhattanville under her leadership and together we shall continue to support Manhattanville in its quest for excellence. It is for these reasons that we the Class of 1989 dedicate this yearbook to President Marcia Savage.

— M. Gennarelli

The class of nineteen hundred and eighty- nine would like to dedicate this yearbook to Gary Lam, a man who has given us his continuous support, ideas, caring and friendship over the last four years.

Gary joined Manhattanville not long after completing his own college career. His youth and understanding of the collegiate mind have made his ability to deal with us incomparable to any other administrator's. Gary has provided us with insight, criticism, laughter and good times. His dedication to Manhattanville and our student activities has made the time we've spent here very memorable.

The class of nineteen hundred and eighty-nine hopes that future generations of 'Ville students have the same rewarding experiences that we have had with Gary. Thank you, Gary, we will always remember you and what you've done for us.

THE ARTS

SILENCE

The wind is still,
Everything seems to be innocent
Steadily the air begins to move,
faster and faster.
The sky becomes grim with darkness.
A flash appears and leaves,
Only to be followed by a roar in the distance.
Drops of water begin crashing to the ground.
There seems to be no end in sight.
Suddenly there is silence,
But how long will it last.

The Clubs at Manhattanville are as diverse as the students themselves. There are many which represent students academic and future interests and others which enable those with similar views to exchange their ideas amongst peers. Still others are of purely an athletic or creative nature. Some are fairly new and others have been in existence for years. All provide a forum in which students can express their individual creativity and opinions.

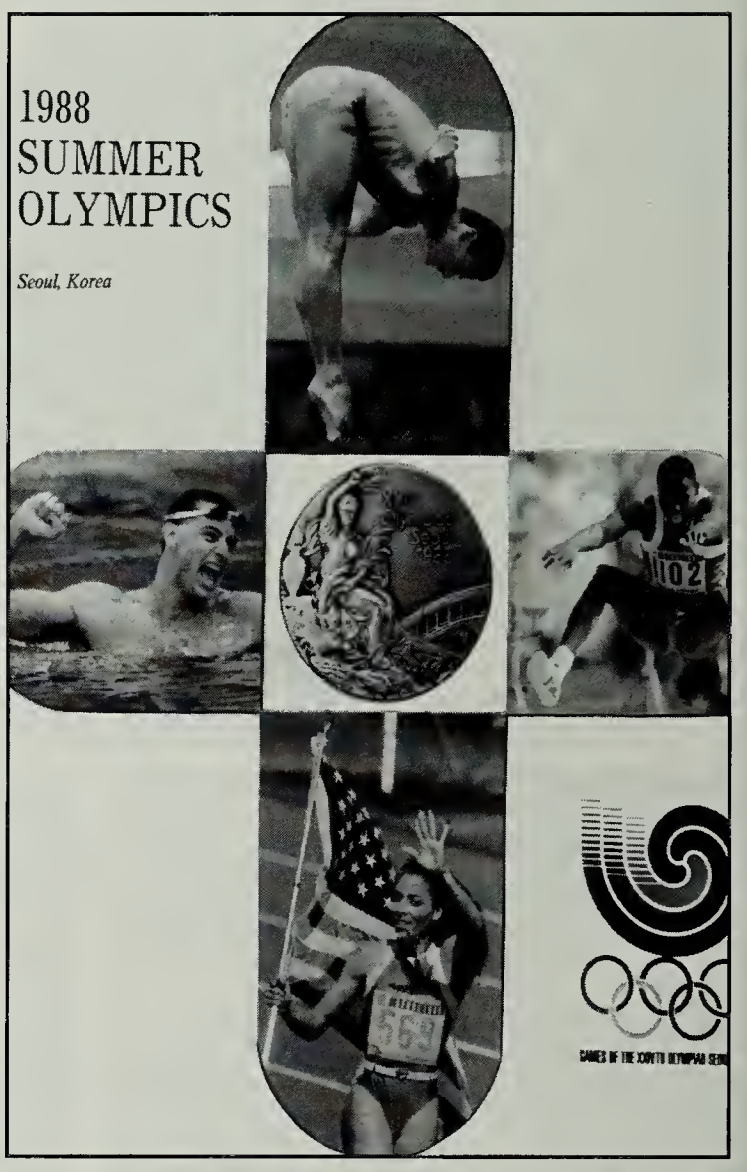
It Happened This Year . . .

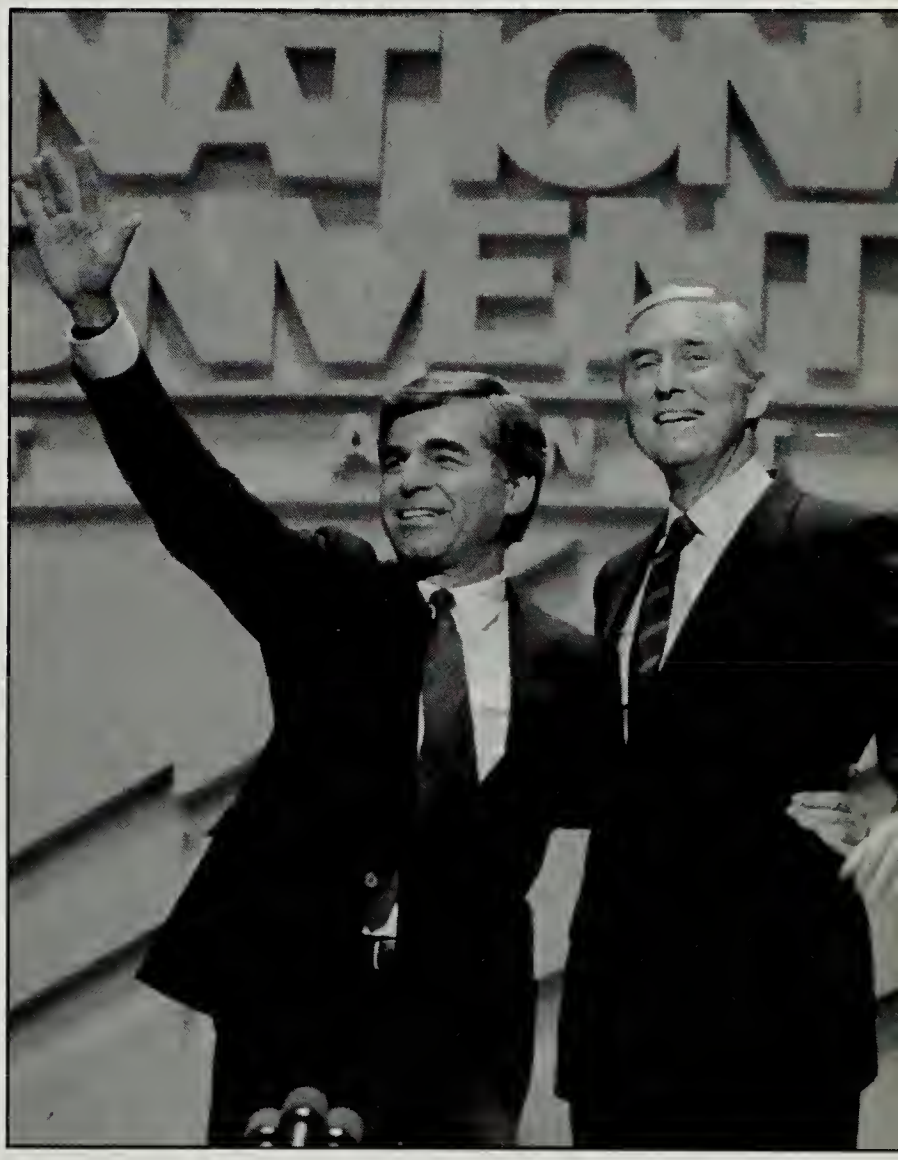
The 1988 Summer Olympics in Seoul, South Korea opened with a dramatic and dazzling ceremony. A colorful, three-hour spectacle mixing ancient Korean rituals with space-age technology kicked off 16 days of athletic competition.



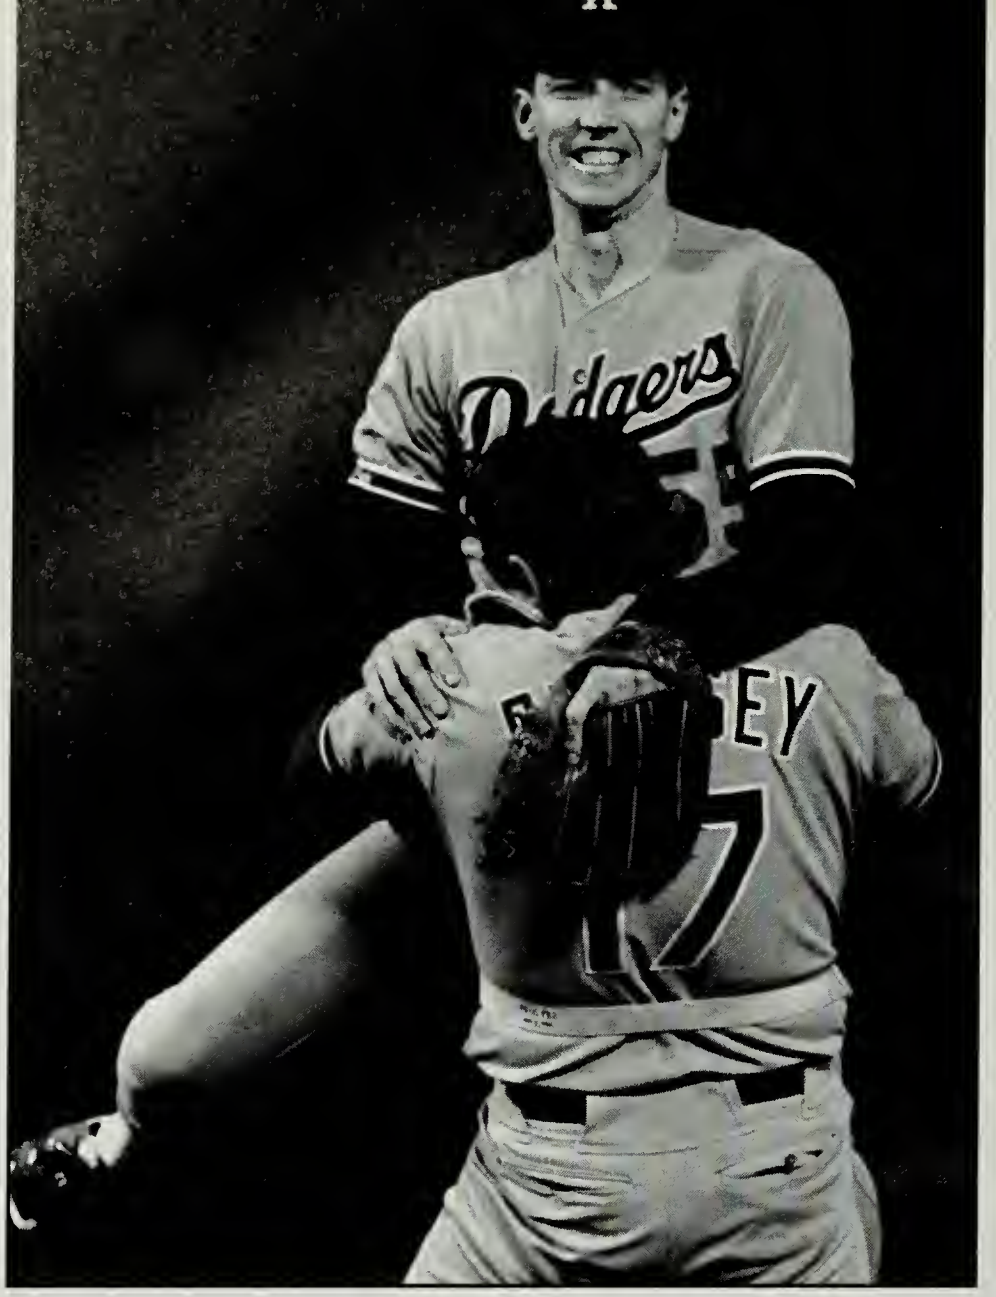
The shuttle Discovery blasted into orbit in September, the first space flight since the shuttle Challenger mission ended tragically 73 seconds after liftoff on Jan. 28, 1986. The Discovery ended its successful four day, 1.6 million mile mission with a triumphant landing at Edwards Air Force Base in California.

President Ronald Reagan and Soviet Leader Mikhail S. Gorbachev worked for several years to bring the two countries together. After a treaty was signed to eliminate certain nuclear weapons, 1988 was the year the efforts of these two leaders went into effect.

Vice-President George Bush with his running mate Senator Dan Quayle of Indiana claimed victory in 1988 as the 41st President of the United States, over Governor Mike Dukakis and Senator Lloyd Bentsen of Texas. The victory gave the G.O.P. another 4 years of leadership in Washington.

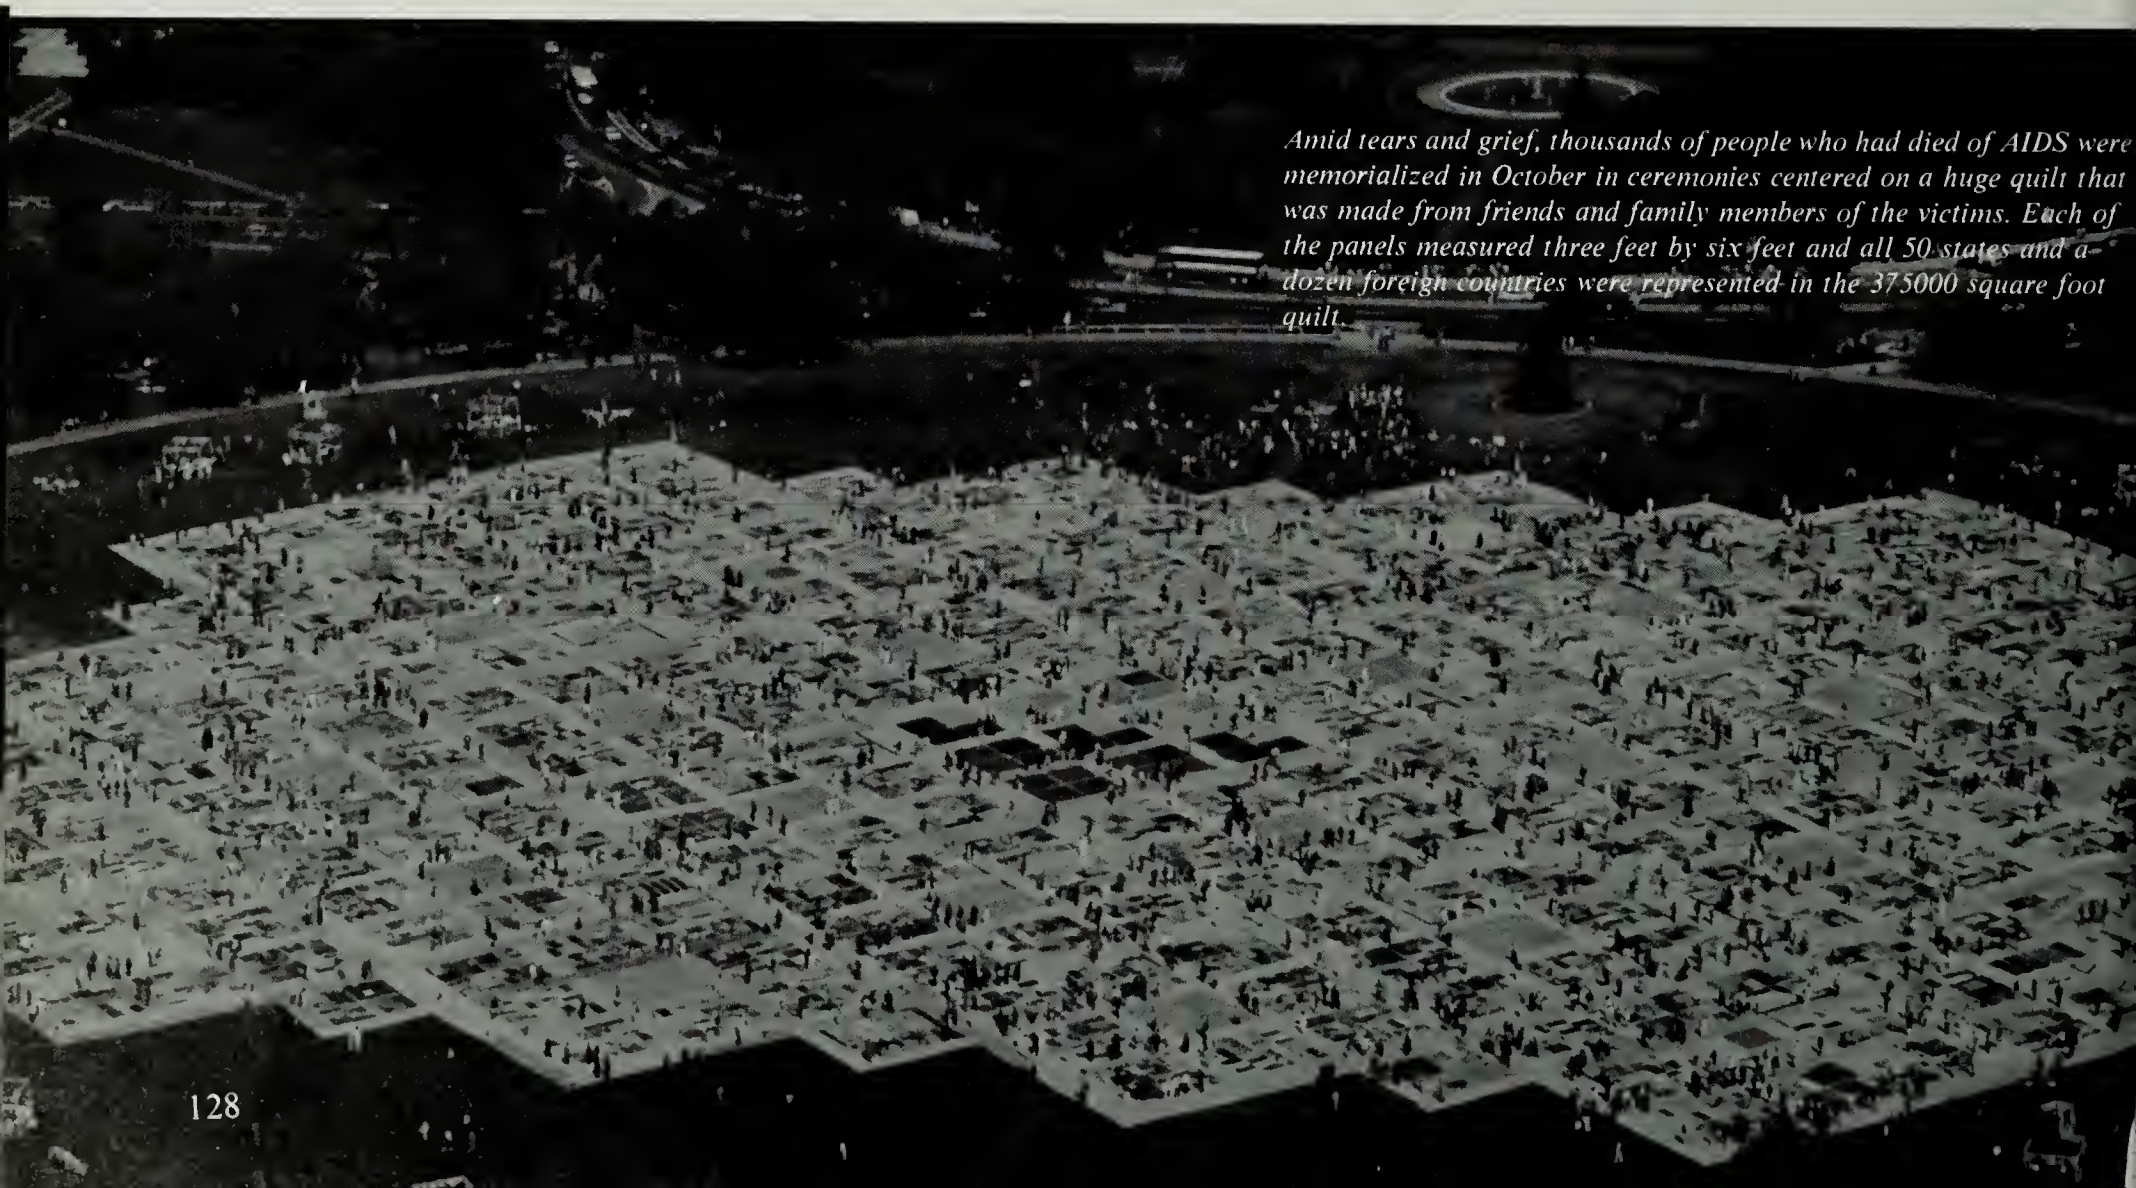


The Democrats went to Atlanta in the summer of 1988, and decided on Michael Dukakis, the Governor of Massachusetts, to be its candidate for President of the United States. He decided to pick Lloyd Bentsen, a senator from Texas, as his running mate.



The World Series belonged to the Los Angeles Dodgers. The Dodgers captured their sixth World Series title in October with a 5-2 victory over the Oakland A's in the fifth game of the series.

Gretchen Elizabeth Carlson erupted in tears as her name was announced as Miss America 1989. The 22 year-old Miss Minnesota, who planned to be a Harvard-trained lawyer, became the first classical violinist to win the Miss America crown.



Amid tears and grief, thousands of people who had died of AIDS were memorialized in October in ceremonies centered on a huge quilt that was made from friends and family members of the victims. Each of the panels measured three feet by six feet and all 50 states and a dozen foreign countries were represented in the 375000 square foot quilt.
